President's Message

I look toward 1965 with a great deal of anticipation. Looking back over the last 50 years I find it particularly gratifying to have been witness to the beginning of a great era of our sport in Victoria.

The tremendous improvement over the past ten years can only lead towards much greater things in the future.

The administration of the Victorian Soccer Federation is working in singular unity and purpose and I have full confidence in these devoted men.

With the triple co-operation of players, administrators and most important of all, you the public, I have no doubt we will see many great things in this coming year and I extend my sincerest wishes to you all.

— HARRY DOCKERTY.

Chairman's Message

The year 1965 should be a year of consolidation.

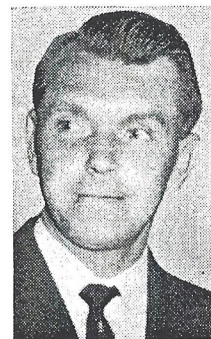

World soccer has grown from a game played in the back streets to a code which now commands international recognition at the highest levels. It is the task of our administrators to raise our game to this level.

To achieve this we require the co-operation of every player and official to maintain at all times sportsmanship of a high calibre. In turn, we must show to you leadership of which you can be justly proud.

Australia's record in many forms of world class sport is unparalleled for a country of its size, and the Australian public expect this standard. It is our duty to provide Soccer to this ideal and we expect all sections of our organisation to strive to attain this level.

In conclusion, I wish each and every team and official, whether senior or junior, a successful season.

— JOHN BARCLAY.
